

## **Instructions to Your Broker or Trustee For Making a Stock Gift to the Church**

You may use the attached form letter to convey your instructions to your broker or trustee to transmit a gift of stock to the church. Simply type or write by hand your instructions on the form letter. Specific instructions in sequential order follow:

- “From” - enter your name and address
- “Date” - enter today’s date
- “To” – enter the name and address of your broker or trustee
- “Account Name” – enter the name of your account
- “Account Number” – enter the number of your account from which the gift is to be made
- “Dear” – enter your greeting
- “Shares & Description” – enter the number of shares and stock name(s) you intent to give.
- “...by phone at” – enter your telephone number
- “Yours Very Truly” – sign the letter
- Send copy of letter to the church Treasurer and note how funds are to be allocated

If you prefer, you may create your own letter, which includes all of the above information. In your letter, be certain that the following is copied exactly as shown:

**Please effect a DTC transfer of the above referenced security(s) / shares to Wells Fargo Advisors, c/o First Clearing Corp., utilizing DTC# 0141, F/A/O First Presbyterian Church of Mount Dora, Florida, 2609-1873**

**IMPORTANT NOTE: Generally, if the stock you plan to give to the church has appreciated in value (your cost basis is less than the current value) there may be tax benefits if you gift the stock directly to the church rather than selling it and gifting the proceeds. On the other hand, if your stock has decreased in value (cost basis is greater than the current value) it may be better for you to sell the stock and give the proceeds to the church. Please consult your tax advisor for specific advice.**

**This form letter is also available in a digital format for those having a computer with Microsoft Word software. With the digital format you can simply fill in the blanks, print and send.**
